## Parent Workshop Success!

*Attendees of this year's Study Technology Workshop proudly display their certificates.*

On Saturday, November 3rd, parents attended the Annual Study Technology Workshop. This full day, interactive event brought over 35 parents more in touch with the educational methods developed by L. Ron Hubbard used here at Delphi. It also gave them tools they can use at home to help with raising their children.

Here are a few success stories from this workshop:

*"I thought the workshop was definitely 'eye-opening.' I find myself already using the tools with my daughter!"*

*"I think we can get so carried away with the hectic train of life, we sometimes forget to take a step back to reflect on the parenting alignment with school - and what study technology entails and how we can achieve more using its tools and techniques."*

*"I got a deeper understanding of the teaching methods used at Delphi and a fresh and sometimes new look at what it means and takes to successfully educate children. This once again reinforced our feeling that moving our son from the public school to Delphi was one of the best decisions that we could have made!"*

*"I left Delphi that afternoon with a renewed sense of purpose and determination. A feeling I'm sure most of us shared that day. My advice to any parent who has not had the experience of the technology training is to certainly invest the time to attend the next session."*

## A Kick Off Season - Go Dragons!

*Mr. C and the ferocious Dragons.*

Another milestone in Delphi Boston athletics. Once again, Marco Cenafils, Delphi parent and Physical Education teacher (also know as "Mr. C"), spearheads a competitive sports team; last winter it was basketball and this fall it was soccer.

The Dragons have not suited up and competed in soccer since 1996, but this year students from Forms 3 & 4 braved several tough matches against more veteran teams. Though most of their opponents were larger and on an average much older, our fearless Dragons came out fighting and kicked off a great first season!

Congratulations Mr. C and the Delphi Dragons!

*Jared Hancock gets tough with an opponent from the Epiphany School.*

## Form Completions!

**Panagiota Fetfatsidis**  
*proudly wears her medal for finishing Beginner 2.*

When a student completes a Form here at Delphi, he or she has accomplished the requirements for their level, they are ready to move on to the next. We verify that accomplishment through a "Form Exam." This is not a random multiple choice test that a student can pass with a grade better than a "D." This is a sit-down-with-the-student process to find out what they have truly mastered,

allowing them to demonstrate their knowledge and

their skill. We verify that each requirement is achieved 100% and that the student can USE what he has learned.

*"Learning bears fruit when it is applied. Wisdom, of course, can be pursued for its own sake: there is even a kind of beauty in it. But, truth told, one never really knows if he is wise or not until he sees the results of trying to apply it."*

**- L. Ron Hubbard, *The Way to Happiness***

**Payton Knight, Nathan Cloutier and Camila Abboud**  
*wearing their fantastic turkey hats, while waiting patiently for the feast.*

### FORM COMPLETIONS

*Since Mid October*

#### Beginner 1 Entry Program

Chloe Nichols  
Morgan Phillips

#### Beginner 1

Nia Lewis

#### Beginner 2

Caleb Belizaire  
Olivia Damas  
Chidozie Enere  
Chinedum Enere  
Panagiota Fetfatsidis  
Nyah Nicholas-Bodden

#### Form 1

Taylor Mendes  
Raiah Skinner

#### Form 2

Caleb Marquez

## The Feast!

On Friday, November 16th, parents and children from the Lower School joined in our annual Thanksgiving Feast.

We would like to thank all the parents who contributed to the amazing amount of delicious food. A special thank you goes out to the parents that helped with the set up and serving of the food. The children, the staff and all the parents who attended truly enjoyed themselves.

## OPEN HOUSE

SUNDAY  
DECEMBER 9  
1:00 - 3:00

Invite your friends and family!  
Accepting applications for September 2013 .
